WHAT MAKES OUR PROGRAMS UNIQUE?

Hands-on • Visual • Cultural • Experiential

Support the Creative Style of All Kinds of Learners

Designed by Former Educator from The Metropolitan Museum of Art

Leave your passports at home – we are bringing the museums to you! Join us as we take a virtual trip around the world to visit famous works of art!

Each week we will learn about a different masterpiece and the artist who created it through fun discussions, learning-to-look games and hands-on art workshops.

All discussions are inquiry-based and all projects are process-based.

Our final session will be a kid-curated “grape juice and cheese” art exhibit.

Family and friends are invited to watch a special video montage of our weekly experiences and hear our students talk about their unique creations and the artists who inspired them.

Our goal is to engage all kinds of learners and enable every child to feel success!
